Dear Ms. Meggs:

The Division of Water Resources has received and performed a preliminary review of the Notice of Intent form (NOI) submitted in support of your Small Municipal Separate Storm Sewer System (MS4) permit (TNR075256). The review indicates that you have submitted an NOI that appears to include the required components of the NOI.

Please note that this review does not certify that the information is complete and correct. It is the responsibility of the city of Cookeville to implement required MS4 program components and maintain compliance with the MS4 permit. Please contact me if you have any questions.

Thanks, Tracy
